

## Subject Index to Volume 175

### A

- Adenocarcinomas, selected, extended resection for, of the large bowel, 892
- Adrenalectomy, total, for Cushing's disease, 948
- Allograft(s), renal enhancement, attempted, by pooled kidney antigen pretreatment, 41 and xenografts, an appraisal of, as biological dressings for wounds and burns, 934
- Alveolar manifestations of rejection: an important cause of the poor results with human lung transplantation, 336
- Ambulatory surgical unit, 856
- Amoebiasis, hepatic, new concepts of, 528
- Anemia, pernicious, gastric cancer in, and in patients with and without achlorhydria, 783
- Anesthesia, general, serious sequelae of, 673
- Aneurysm, dissecting, type II, surgical therapy of, 1017
- Angina, intestinal, chronic: a report of two patients treated successfully by operation, 523
- Angiogenesis-anti: new concept for therapy of solid tumors, 409
- Anoxia, changes in cardiac lymph of dogs during and after, 472
- Antigen, tumor associated, with pulmonary neoplasms, 495
- Antilymphocytic serum, isolation of an active fraction of, 918
- Aorto-iliac steal: a review of this syndrome and a report of one additional case, 454
- Arterial reconstructive surgery, peripheral, cephalic and basilic veins in, 581 repair failure, importance of venous occlusion in: an experimental study, 223
- Arteries, vertebral, and subclavian, current concepts in the management of arteriosclerotic lesions of the, 975
- Artery disease, coronary, end stage, operability of, 1024 ligation, hepatic, collateral arterial blood supply of the liver after: angiographic study of 20 patients, 105
- Atherosclerosis, effect of ileal bypass on, in the infant rabbit, 311

### B

- Biliary tract motility *in vitro*, extrahepatic, actions of cholecystokinin/pancreozymin, secretin and gastrin on, 439
- Bleeding, gastrointestinal, and sepsis, 759 upper gastrointestinal, 771
- Blood cells, red, and serum, distribution of pancreatic enzymes between, 10 flow, ileal, preceding compensatory intestinal hypertrophy, 320
- Books received, 802
- Book review, 614

- Bowel, large, extended resection for selected adenocarcinomas of the, 892 resection, small, massive, histamine and serotonin metabolism following, 260 syndrome, short, 803
- Breast, cancer of the, low incidence and morbidity of local recurrence after conservative operations for, 249 female, necrosis of the, complicating oral anticoagulant treatment, 647
- Breast cancer, bilateral, clinical and pathological review, 635
- Burned rat, effect of antimicrobial therapy on lung bacterial clearance in the, 241 severely, resuscitation of the, critical factors in: the relative merit of volume, tonicity, sodium load, and concentration of the solution used, 138
- Bypass, femoro-femoro, criteria for: from hemodynamic studies, 985 ileal, effect of, on cholesterol levels, atherosclerosis and growth in the infant rabbit, 311

### C

- Cancer, gastric, in pernicious anemia and in patients with and without achlorhydria, 783 male mammary: an analysis of 32 cases, 489 mammary, advanced, peripheral lymphocyte counts and results of therapeutic castration for, 403 survival, colonic, racial and socioeconomic factors in, 601
- Castration, therapeutic, and peripheral lymphocyte counts, for advanced mammary cancer, 403
- Cecostomy, tube: an evaluation of 161 cases, 55
- Cell survival, red, 24-hour, effectiveness of transfusions in postoperative patients as measured by, 577
- Cellulitis, synergistic necrotizing, 702
- Cephalic and basilic veins in peripheral arterial reconstructive surgery, 581
- Cervix, uterine, pelvic exenteration for late second cancers of the, after earlier irradiation, 48
- Cholangiojejunostomy, intrahepatic, further indications for, 190
- Cholecystokinin/pancreozymin, secretion and gastrin, actions of, on extrahepatic biliary tract motility *in vitro*, 439
- Cholesterol levels, effect of ileal bypass on, in the infant rabbit, 311
- Cirrhosis, dimethylnitrosamine-induced, liver-regeneration and hepatic collagen deposition in rats with, 863
- Collagen in infected wounds, and respiratory gas tensions, 588 synthesis and wound repair, inhibitory effects of vitamin E on, 235

- Colon, diverticulosis of the, massive hemorrhage from: guidelines for therapy based on bleeding patterns observed in 50 cases, 847  
sigmoid, fistulas complicating diverticular disease of the, 838  
and rectum, juvenile polyps of the, 887  
Cushing's disease, total adrenalectomy for, 948  
Cysts, parathyroid, large, mimicking thyroid nodules, 443

## D

- Diarrhea, post-vagotomy, new operation for the dumping syndrome and, 790  
Diverticular disease, fistulas complicating, of the sigmoid colon, 838  
Dipyridamole, effect of, on microaggregate formation in the pump oxygenator, 1  
Ductus arteriosus, patent, surgical treatment of the, in the adult, 290  
Dumping syndrome, incapacitating, isoperistaltic interposition of a jejunal segment for the, clinical experience with, 274  
new operation for the, and postvagotomy diarrhea, 790

## E

- Editorial, the wet lung: diagnostic considerations, 458  
Enderectomy, carotid bilateral, with attempted preservation of carotid body function, 268  
Embolism, pulmonary fat, value of arterial hypoxemia in the diagnosis of, 128  
Endotoxin, *E. coli*, pulmonary effects of: role of leukocytes and platelets, 26  
Enteritis, regional, free perforation of the small intestine complicating, surgical management of, 178  
Enzymes, pancreatic, distribution of, between serum and red blood cells, 10  
Esophageal ring, lower, surgical significance of the, 733  
Esophagocoloplasty, 740

## F

- Femur, aseptic necrosis in the, after renal transplantation, 282  
Finger pulse, abnormal, associated with cold sensitivity, 294  
Fistula(s), arteriovenous, advanced, total circulatory arrest for treatment of, 70  
abdominal chylous, post-vagotomy, 67  
biliary, spontaneous internal, obstructive and nonobstructive types: 20-year review of 55 cases, 75  
complicating diverticular disease of the sigmoid colon, 838  
Foreign bodies in the aid and food passages, 720  
limbs, stereotaxic pinpointing of, 81

## G

- Gallstones, intrahepatic, a reappraisal of surgical treatment for, 155

- Gangrene, pulmonary lobar, complicating lobectomy, 62  
Gas tensions, respiratory, and collagen, in infected wounds, 588  
Gastrectomy, gastrointestinal suture line disruption following, for malignant tumor, 436  
Gastric secretion, studies of, in stressed patients, 555  
Gastritis, atrophic, experimental increased back diffusion of hydrogen ion in: studies on the pathogenesis of benign gastric ulcer, 594  
Gastrointestinal motility studies as a guide to postoperative management, 510  
tract, technics of staple suturing in surgical procedures on the, 815  
Gastrointestinal bleeding, and sepsis, 759  
a proposed method to interrupt: preliminary report, 459  
upper, 771  
Glucagon in dogs, improved cardiovascular effects of, with endotoxin shock, 535

## H

- Health maintenance organizations, role of the surgeon in, 752  
Heart, lymph drainage of the, anatomical studies on, in dogs, 305  
preservation, and liver, primary cause of unsuccessful: cold sensitivity of the ATPase system, 111  
Hemorrhage, massive, from diverticulosis of the colon: guidelines for therapy based on bleeding patterns observed in 50 cases, 847  
Hepatic calculi, 149  
Homograft rejection, renal, and viral syndromes, 257  
Hyperalimentation, parenteral, and its practical applications, 712  
Hypercalcemia, control of, with mithramycin, 431  
Hyperplasia, pancreatic islet beta cell tumors: experience in 14 Seattle hospitals, 326  
Hypertension, portal, in childhood, 870  
portal systemic shunt for: importance of bromsulphalein retention for prediction of survival, 569  
Hyperthyroidism, thyroidectomy for, 939  
Hypertrophy, intestinal, compensatory, ileal blood flow preceding, 320  
Hypoxemia, arterial, value of, in the diagnosis of pulmonary fat embolism, 128

## I

- Implants, internal mammary artery, determinants of flow through, 607  
Insulinomas, functioning beta cell tumors, of the pancreas, 956  
Intestinal angina, chronic: a report of two patients treated successfully by operation, 523  
Intestine, small, free perforation of the, complicating regional enteritis, surgical management of, 178  
Intravascular volume expansion, effects of renal denervation and renin depletion on the renal responses to, 424

## J

- Jejunal segment, isoperistaltic interposition of a, clinical experience with, for the incapacitating dumping syndrome, 274

## K

- Kidney transplants, canine, renal vein thrombosis in, 35

## L

- Leg, amputation of the: an improved outlook, 994  
 Ligation, acute, long-term survival after, of the vena cava above the renal veins, 563  
 Limbs, stereotaxic pinpointing of foreign bodies in the, 81  
 Liver, collateral arterial blood supply of the, after hepatic artery ligation: angiographic study of 20 patients, 105  
   intrahepatic stones: a clinical study, 166  
   tumors of, malignant vascular, 375  
   preservation, and heart, primary cause of unsuccessful: cold sensitivity of the ATPase system, 111  
   transplantation, auxiliary: a successful model without portal blood or portacaval shunt, 357  
 Lobectomy, hepatic, median sternotomy extension of abdominal incision for, 193  
 Pulmonary lobar gangrene complicating, 62  
 Lung, bacterial clearance in the burned rat, effect of antimicrobial therapy on, 241  
   syndrome, early wet, use of diuretics in the treatment of, 505  
   transplantation, human, alveolar manifestations of rejection, an important cause of the poor results with, 336  
   transplantation of the, ventilatory and circulatory adjustments after, 349  
 Lymph, cardiac, change in, during and after anoxia, 472  
   cardiac, flow and composition of, in dogs, 299  
   drainage of the heart, anatomical studies on, in dogs, 305  
 Lymphocyte counts, peripheral, and results of therapeutic castration for advanced mammary cancer, 403

## M

- Mammary cancer, male: an analysis of 32 cases, 489  
 Mastectomy, modified radical, 624  
 Melanoma, chemotherapy of, of the extremities by perfusion: 14 years clinical experience, 900  
 Metabolism, glucose, in traumatic shock in the human, 685  
   histamine and serotonin, following massive small bowel resection, 260  
 Methemalbumin in acute pancreatitis: an experimental and clinical appraisal, 15  
 Mithramycin, control of hypercalcemia with, 431  
 Mitral valve, acute disruption of the, clinical recognition and surgical management of, 1000  
 Myoblastoma, granular cell: a comprehensive review of 15 years' experience, 501

## N

- Nakayama staples, short-term organ preservation comparing two solutions and reimplantation with, 228  
 Neoplasms, pulmonary, tumor associated antigen with, 495  
 Nipple, papillomatosis of the, familial florid, 254

## O

- Occlusion, mesenteric arterial, a study of canine shock after: volume deficit after toxic absorption, 479  
   superior mesenteric artery, hemodynamic effects of: a comparison in anesthetized and unanesthetized dogs, 214  
   venous, in arterial repair failure, importance of: an experimental study, 223  
 Organ preservation, short-term, comparing two solutions and reimplantation with Nakayama staples, 228

## P

- Pancreas, functioning beta cell tumors (insulinomas) of the, 956  
 Pancreatitis, acute, methemalbumin in: an experimental and clinical appraisal, 15  
   respiratory insufficiency secondary to, 657  
 Pancreatoduodenectomy for trauma: clinical and metabolic studies, 663  
 Papillomatosis of the nipple, familial florid, 254  
 Pelvic exenteration for late second cancers of the uterine cervix after earlier irradiation, 48  
 Peritonitis, experimental, peritoneal lavage treatment in, 384  
   syndrome, the glove starch, 388  
 Phosphatase, acid, source of a lysosomal enzymes, in hemorrhagic shock, 19  
 Polyposis, familial, multiple lymphoid polyps in, 552  
 Polyps, juvenile, of the colon and rectum, 887  
 Postoperative management, gastrointestinal motility studies as a guide to, 510  
 Presidential Address: metamorphosis in medicine—for better or for worse, 615  
 Priapism: treatment by corpus cavernosum-saphenous vein anastomosis, 279  
 Prostheses, arterial, healing of, in man: its incompleteness, 118  
 Pulmonary neoplasms, tumor associated antigen with pulmonary neoplasms, 495  
 Pulse, finger, abnormal, associated with cold sensitivity, 294

## R

- Rectum and colon, juvenile polyps of the, 887  
 Reimplantation, short-term organ preservation and, with Nakayama staples, 228  
 Renal denervation and renal depletion, effects of, on the renal responses to intravascular volume expansion, 424

## S

- Sepsis and gastrointestinal bleeding, 759
- Serum, distribution of pancreatic enzymes between, and red blood cells, 10
- Shock, canine, a study of, after mesenteric arterial occlusion: volume deficit versus toxic absorption, 479
  - endotoxin, improved cardiovascular effects of glucagon in dogs with, 535
- Shock, hemorrhagic, coagulation changes of, in baboons, 197
  - decline in pancreatic insulin release during, in the baboon, 210
  - fluid therapy in experimental: ultrastructural effects in liver and muscle, 539
  - mesenteric circulatory responses to, in the baboon, 204
  - source of a lysosomal enzymes acid phosphatase, 19
- septic, coagulation changes of, in the sub-human primate and their relationship to hemodynamic changes, 417
- traumatic, glucose metabolism in, in the human, 685
- Shunt, portal systemic, for portal hypertension: importance of bromsulphalein retention for prediction of survival, 569
- Splenic artery, enlarged, significance of an, in patients with bleeding varices, 466
- Staple suturing, technics of, in surgical procedures on the gastrointestinal tract, 815
- Starch-peritoneal reaction: an experimental study, 398
- Stones, intrahepatic: a clinical study, 166
- Surgical unit, ambulatory, 856
- Suture line disruption, gastrointestinal, following gastrectomy for malignant tumor, 436

## T

- Thrombosis, renal vein, in canine kidney transplants, 35
- Thyroid nodules, large parathyroid cysts mimicking, 448
- Thyroidectomy for hyperthyroidism, 939
- Toxic absorption versus volume deficit: a study of canine shock after mesenteric arterial occlusion, 479
- Transfusions, effectiveness of, in postoperative patients as measured by 24-hour red cell survival, 577
- Transplantation, liver, auxiliary: a successful model without portal blood or portacaval shunt, 357
  - lung, human, alveolar manifestations of rejection, an important cause of the poor results with, 336

- ventilatory and circulatory adjustments after, 349
- renal, aseptic necrosis in the femur after, 282
- renal, familial, mixed lymphocyte culture in histocompatibility testing for, 925
- Transplants, kidney, canine, renal vein thrombosis in, 35
- Trauma, pancreatoduodenectomy for: clinical and metabolic studies, 663
- Tumor(s), associated antigen with pulmonary neoplasms, 495
  - (insulinomas) functioning beta cell, of the pancreas, 956
- malignant, gastrointestinal suture line disruption following gastrectomy for, 436
- of liver, malignant vascular, 375
- pancreatic islet beta cell, and hyperplasia: experience in 14 Seattle hospitals, 326
- solid, anti-angiogenesis: new concept for therapy of, 409

## U

- Ulcer, gastric, benign, studies on the pathogenesis of: increased back diffusion of hydrogen ion in experimental atropine gastritis, 594

## V

- Vagotomy-post, abdominal chylous fistula, 67
- Valve, mitral, acute disruption of the, clinical recognition and surgical management of, 1000
- Varices, bleeding, significance of an enlarged splenic artery in patients with, 466
- Vena cava, acute ligation of the, above the renal veins, long-term survival after, 563
- Venous pressure monitoring, central: misinterpretations, abuses, indications and a new technique, 693
- Viral syndromes, and renal homograft rejection, 257
- Vitamin E, inhibitory effects of, on collagen synthesis and wound repair, 235
- Volume deficit versus toxic absorption: a study of canine shock after mesenteric arterial occlusion, 479
- Von Reckinghausen's disease: a clinicopathological study, 86

## W

- Wound(s), infected, respiratory gas tensions and collagen in, 588
  - repair and collagen synthesis, inhibitory effects of vitamin E on, 235

## X

- Xenografts and allografts, an appraisal of, as biological dressings for wounds and burns, 934

INDEX  
Vol. 175 JANUARY-JUNE 1972

# Annals of Surgery

A Monthly Review of Surgical Science and Practice

*Also the official publication of*

THE AMERICAN SURGICAL ASSOCIATION  
THE SOUTHERN SURGICAL ASSOCIATION  
PHILADELPHIA ACADEMY OF SURGERY  
NEW YORK SURGICAL SOCIETY

## Subject Index to Volume 176

### A

- Abdominal injury, intra-, autonomic inhibition of intestinal motility in dogs associated with, 19
- trauma, blunt, in children, 213
- Adenoma, rectal villous, mid and low, the transsphincteric approach to: anatomic basis of surgical treatment, 605
- Aganglionosis, total colonic, surgical management of, 343
- Alimentation, parenteral, prolonged: *Candida* growth and the prevention of candidemia by amphotericin instillation, 265
- Allogeneic tissues, induction of immunological tolerance to, in the canine species, 529
- Amputee, the "geriatric," 305
- Aneurysm, congenital, of the extracranial carotid arteries, 777
- Hepatic artery, perforated, and multiple aneurysms in incomplete Marfan syndrome, 772
- thoracoabdominal, after resection and dacron graft replacement of the descending thoracic aorta, 765
- malignant carcinoid associated with, and analysis of 31 cases of gastrointestinal carcinoid tumors, 613
- Anticoagulants, and femoral neuropathy, 58
- Antigen, carcinoembryonic (CEA), in patients with carcinoma of the digestive tract, 559
- Antrectomy, precise, pentapeptide and insulin stimulated gastric acid secretion in patients with gastric ulcers, before and after, 659
- Anus, epidermoid carcinoma of the, 787
- Aorta, descending thoracic, thoracoabdominal aneurysm after resection and dacron graft replacement of the, 765
- Arms, replanted, long-term utility of, 334
- Arterial reconstruction, infection in, with synthetic grafts, 321
- Artery catheterization, pulmonary, flow directed, in surgical patients: indications and modification of technique, 753
- Aspirin metabolism, abnormal, in patients with cirrhosis and its possible relationship to bleeding cirrhotics, 412

### B

- Bile duct, common, obstruction of the by, biliary duct carcinoma, chronic pancreatitis, and pancreatic calculus in common duct: report of a case, 13
- Biliary calculi, use of a dye-dilution technic to demonstrate, in the operative cholangiogram, 663
- Biliary tract, foreign bodies of the: report of two patients and a review of the literature, 102
- Blood, ACD-stored, massive transfusion of, biochemical and hematological changes associated with, in severely injured combat casualties, 585
- Book reviews, 690, 696, 699, 752, 717
- Bowel, preoperative antimicrobial preparation of the, efficacy of, 227
- Bowel obstruction, large, retroperitoneal fibrosis and: case report and review of the literature, 199
- Breast, cancer of the operable, the dubious case of conservative operation in, 625
- Burkitt's lymphoma: an unusual childhood tumor, 25
- Burn edema formation, kinetics of, in primates, 223
- wound(s), comparison of complete barrier isolation and unidirectional air flow isolation in the treatment of, 742
- wound, yeasts and fungi in the, studies on the occurrence and significance of, 108
- Bypass, cardiopulmonary, effects of dexamethasone and chlorpromazine on skeletal muscle surface hydrogen ion concentration during: experimental and clinical results, 757
- Bypasses to tibial or popliteal arteries in severely ischemic lower extremities: comparison of long-term results in 233 patients, 315

### C

- Cancer patients, immunologic response of, modified by immunization with tumor vaccine, 554
- Candidemia, and *Candida* growth, prevention of, by amphotericin instillation: prolonged parenteral alimentation, 265
- Carcinoid, malignant, associated with thoraco-abdominal aneurysm and analysis of 31 cases of gastrointestinal carcinoid tumors, 613

- Carcinoma(s), biliary duct, obstruction of the common bile duct by, 13  
lobular, an indication for elective biopsy of the second breast, 178  
thyroid, selection of surgical treatment for well-differentiated, 565
- Carcinoma of the digestive tract, carcinoembryonic antigen (CEA) in patients with, 559
- Cardiac pacemakers, extruded and infected, new methods in the management of, 686
- Catheterization, pulmonary artery, flow directed, in surgical patients: indications and modification of technique, 753
- Cholecystopyloric fistula, with gastric outlet obstruction: a rare form of gallstone ileus and its management, 210
- Choledocholithiasis, gallstone characteristics in the diagnosis of, 718  
management of, 347
- Choleresis, insulin, effect of truncal vagotomy on 2-deoxy-D-glucose and, 645
- Circulatory support system, an implantable nuclear-fueled: I systems analysis of conception, design, fabrication and initial *in vivo* testing, 492
- Cirrhosis, abnormal aspirin metabolism in patients with, and its possible relationship to bleeding in cirrhotics, 412
- Coagulopathy after major combat injury: occurrence, management and pathophysiology, 243
- Colonic aganglionosis, total, surgical management of, 343
- Colon, diverticulitis of the, diagnosis of: role of barium enema in defining pericolic inflammation, 205
- Colorectal surgery, topical ampicillin against wound infection after, 129  
wounds, primary closure of civilian, 782
- Cysts, pancreatic, a review of 64 patients with, 638
- Cytology, gastric: a study of clinico-pathologic interrelations, 721

## D

- Digestive tract, carcinoma of the, carcinoembryonic antigen (CEA) in patients with, 559
- Dumping syndrome, the role of jejunal distention and the initiation of the, 139

## E

- Edema formation, burn, kinetics of, in primates, 223
- Embolism, fat, clinical, in combat casualties, 49  
pulmonary, interruption of double inferior vena cava for prevention of, 769

- Endotoxin and lysosomal enzymes, effects of, on calcium transport, 579
- Enteritis, regional, clinical-pathological investigation of, as a guide to prognosis, 233
- Enzymes, lysosomal, effects of endotoxin and, on calcium transport, 579
- Esophageal stenosis, a new approach to the control of, 469
- Esophagus, carcinoma of the, the esophageal axis and its relationship to the resectability of, 30
- Ethacrynic acid, hemodynamic effects of, experimental studies concerning the, 705

## F

- Femoral neuropathy, and anticoagulants, 58
- Fistula, cholecystopyloric, with gastric outlet obstruction: a rare form of gallstone ileus and its management, 210  
right iliac artery-duodenal, in infancy: massive hemorrhage due to "whisk-broom" bristle perforation, 761
- Fibrosarcoma, methylcholanthrene, immunospecific regression of, using neuraminidase: III. synergistic effect of BCG and neuraminidase treated tumor cells, 188  
murine, immunotherapy combined with primary resection of: correlation of immunological status of the host with prevention of metastases, 544
- Fibrosis, retroperitoneal, and large bowel obstruction: case report and review of the literature, 199

## G

- Gallstone ileus, a rare form of, and its management, 210
- Gastrin, circulating, effect of secretin on, 384
- Gastrointestinal bleeding, acute, of various etiologies, experienced with angiography in diagnosis and treatment of: preliminary report, 419
- Glucose, hypertonic, effect of, in hypovolemic shock in man, 247
- Graft replacement, dacron, thoracoabdominal aneurysm after resection and, of the descending thoracic aorta, 765
- Grafts, bypass, aorto-coronary artery vein, lactate metabolism after, 680  
synthetic, infection in arterial reconstruction with, 321
- Gut remnant, hypertrophied, adrenergic denervation of the, 633

## H

- Hamartomas, angiomatous lymphoid: surgical implications, 620  
of the median nerve, treatment of, 217

Heart, clinical transplantation of the, 503

effect of septal defect closure on the external work of the, in children, 485

Hemoglobin, stroma-free, clearance rate and effect on renal function of, following renal ischemia, 700

Hemorrhage, gastroduodenal, critical issues in: the role of vagotomy and pyloroplasty, 144  
regulation of ventilation during, and its alterations in response to CO<sub>2</sub>, 80

Hepatic necrosis, acute fulminating, auxiliary liver transplantation in the dog as temporary support in, 732

Hernia, lung: a technic for repair, 711

Homografts, skin, pure epidermal and full-thickness, analysis of local anatomic factors that influence the survival times of, in guinea pigs, 597

Hydrolases, splanchnic lysosomal, circulatory responses to, in the dog, 120

Hyperalimentation, parenteral, 259

Hyperparathyroidism: gastric acid secretion and gastrin, 360

Hypertension, portal, contrasting hemodynamic patterns of, 68

evaluation of the hemodynamics of, in the selection of patients for shunt surgery, 449

interposition mesocaval shunt for treatment of, 435  
renovascular, operative treatment of: a study of 60 consecutive patients with follow-up findings between 1 and 7 years postoperatively, 590

Hypotension, pathophysiology and management of, following declamping of abdominal aorta, 805

## I

Ileus, gallstone, a rare form of, and its management, 210

Implantation, vascular, intrahepatic revascularization following direct, 691

Infections in man, opportunistic, a physiological basis for the development of, 273

Inhalation injury, early diagnosis of, using <sup>133</sup>xenon lung scan, 477

Insulin choleresis, effect of truncal vagotomy on 2-deoxy-D-glucose and, 645

Insulin secretory rate, direct measurement of: studies in shocked primates and postoperative patients, 296

Intestine, small, comparison of methods to determine viability of, 97

Intestinal motility, autonomic inhibition of, in dogs associated with intra-abdominal injury, 19

Ischemia, renal, clearance rate and effect on renal function of stroma-free hemoglobin following, 700

Ischemic lower extremities, severely, by passes to tibial or popliteal arteries in: comparison of long-term results in 233 patients, 315

## J

Jejunal distention, the role of, and the initiation of the dumping syndrome, 139

## K

Kidney transplant survival, cadaver, effect of rabbit ALG on, 521

## L

Letters to the editor, 128, 258

Liver, cyst of the, malignant nonparasitic: a case report, 713

malignant neoplasms of the, major hepatic resection for, 171

transplantation, auxiliary, in the dog, as temporary support in acute fulminating hepatic necrosis, 732

Lung hernia: a technic for repair, 711

scan, <sup>133</sup>xenon, early diagnosis of inhalation injury using, 477

## M

Manometric and radiographic studies, use of the umbilical vein for, of the splanchnic and portal beds in shock and trauma, 111

Marfan syndrome, incomplete, perforated hepatic artery aneurysm and multiple aneurysms in, 772

Meningiomas, multiple intraspinal, at different levels, operated on with a 7-year interval: case report, 798

Mitochondrial membrane transport, shock-induced alterations of: effects of endotoxin and lysosomal enzymes on calcium transport, 579

Mucosa, gastric, correlation of the surface pH, histology, and gastrin concentration of, 727

## N

Neuraminidase, immunospecific regression of methylcholanthrene fibrosarcoma using: III synergistic effect of BCG and neuraminidase treated tumor cells, 188

Neuropathy, femoral, and anticoagulants, 58

## O

Oxygen consumption in critically-ill surgical patients, 801

## P

Pacemakers, cardiac, extruded and infected, new methods in the management of, 686

Pancreas, aberrant, mediastinal enteric sequestration with: a *formes frustes* of the intralobar sequestration, 669

- annular, in the adult, 163
- in the adult: selection of operation, 159
- cancer of the, usefulness of combined selective arteriography and hypotonic duodenography in evaluation of, 791
- survival of patients with, in relation to findings on arteriography, 37

Pancreatic calculus in common duct, obstruction of the common bile duct by, 13

Pancreatitis, chronic, obstruction of the common bile duct by, 13

Pancreatogastrostomy, the use of, after blunt traumatic pancreatic transection: a complete and efficient operation, 16

Panel discussion: the production, attrition, and biologic life-time of surgeons in relation to the population of the U.S.: a look into the future through the clouded computer crystal, 457

Presidential address: Freedom and organization, 1

Pulmonary artery catheterization, flow: directed, in surgical patients: indications and modifications of technique, 753

## R

Renal artery thrombosis, bilateral traumatic, 62

Replanted arms, long-term utility of, 334

Respirators, pressure-limited and volume-limited, a comparative evaluation of, for prolonged postoperative ventilatory support in combat casualties, 49

Revascularization, intrahepatic, following direct vascular implantation, 691

## S

Secretin, effect of, on circulating gastrin, 384  
studies on the potential role of, in the islet cell tumor diarrheogenic syndrome, 394

Shock and trauma, use of the umbilical vein for manometric and radiographic studies of the splanchnic and portal beds in, 111

Shock, hemorrhagic, effects of experimental, on extra cellular water volume, 736

hemorrhagic, alterations in cellular membrane function during, in primates, 288

hemorrhagic, an analytical method for measuring muscle intracellular fluid and electrolytes in, 251

hypovolemic, effect of hypertonic glucose in, in man, 247

hemorrhagic, lymph lysosomal enzyme acid phosphatase in, 90

Shunt, distal splenorenal (Warren), portal hemodynamics after, 195

interposition mesocaval, for treatment of portal hypertension, 435

Shunting procedures, portal systemic, late effects of, on cardiorespiratory dynamics in man, 672

## T

Thrombosis, renal artery, bilateral traumatic, 62

Thyroid carcinomas, selection of surgical treatment for well-differentiated, 565

Transfusion, massive, biochemical and hematological changes associated with, of ACD-stored blood in severely injured combat casualties, 585

Transplantation, liver, auxiliary, in the dog, as temporary support in acute fulminating hepatic necrosis, 732

Transplantation, renal, graft rejection, and retransplantation, the fate of patients after, 509  
testicular complications following, 697

Transplants, cardiac, autonomic reinnervation of: further observations in dogs and rhesus monkeys, 42  
organ, tolerance, enhancement and prolonged survival of, 538

Transplant survival, cadaver kidney, effect of rabbit ALC on, 521

Trauma, manometric and radiographic studies of the splanchnic and portal beds in, use of the umbilical vein for, 111

Trypsin and trypsinogen, urinary excretion and metabolism of: experimental study, 149

24-hour excretion of, in the urine, 154

Trypsinogen and trypsin, 24-hour excretion of, in the urine, 154

Tumor(s), gastrointestinal carcinoid, analysis of 31 cases of, 613

islet cell, diarrheogenic syndrome, studies on the potential role of secretin in the, 394

## U

Ulcer, duodenal, chronic, late results of three operations for: vagotomy-gastrojejunostomy, vagotomy-hemigastrectomy, vagotomy-pyloroplasty, 403

pentapeptide and insulin stimulated gastric acid secretion in patients with, before and after selective gastric vagotomy and antrum drainage: a comparison with results obtained from studies before and after parietal cell vagotomy with no drainage procedure, 649

Ulcer, gastric, pentapeptide and insulin stimulated gastric acid secretion in patients with, before and after precise antrectomy, 659

and duodenal, pentapeptide and insulin stimulated gastric acid secretion in patients with, 653  
Ulcer model, stress, a swine, 133

## V

Vaccine, tumor, immunologic response of cancer patients modified by immunization with, 554  
Vagotomy, gastric, selective, and antrum drainage, pentapeptide and insulin stimulated gastric acid secretion in patients with duodenal ulcer before and after, 649  
parietal cell mass, qualitative and quantitative differences in the response of the stomach to pentapeptide and insulin secretory stimulation at 2-3 month follow-up after, 656  
testing adequacy of, at operation, 641  
truncal, effect of, on 2-deoxy-D-glucose and insulin choleresis, 645

Vascular implantation, direct, intrahepatic revascularization following, 691

Ventilatory support, prolonged postoperative, a comparative evaluation of pressure-limited and volume-limited respirators for, in combat casualties, 49

Ventricle, single, radical correction of, in experimental model: effects on cardiac function, 748

## W

We Will Be Heard, 8

## Z

Zollinger-Ellison syndrome, genetic aspects of the: prospective studies in two kindred; antral gastrin cell hyperplasia, 370

**STATEMENT OF OWNERSHIP, MANAGEMENT AND CIRCULATION**  
(Act of August 12, 1970; Section 3685, Title 39, United States Code)

Date of Filing—October 1, 1972  
 Title of Publication—Annals of Surgery  
 Frequency of Issue—Monthly  
 Location of Known Office of Publication—East Washington Square, Philadelphia, Pa. 19105  
 Location of the Headquarters or General Business Offices of the Publishers—East Washington Square, Philadelphia, Pa. 19105  
 Publisher—J. B. Lippincott Company, East Washington Square, Philadelphia, Pa. 19105  
 Editor—Jonathan E. Rhoads, M.D., 3400 Spruce Street, Philadelphia, Pa. 19104  
 Managing Editor—George F. Stickley, East Washington Square, Philadelphia, Pa. 19105  
 Owner—J. B. Lippincott Company, East Washington Square, Philadelphia, Pa. 19105, Anderson & Co., Philadelphia, Pa., Steere & Co., Philadelphia, Pa., Joseph Wharton Lippincott, Bethayres, Pa., Girard Bank, W. Paul O'Neill, Bertram L. O'Neill, Trustees u/w/o Marianna L. O'Neill, Dec'd., Philadelphia, Pa., Fidelity-Philadelphia, Trust Co., Trustee, Est. of Walter Lippincott, Philadelphia, Pa., Howard K. Bauernfeind, Bryn Mawr, Pa., George Stevens, Kingston, N. J., Joseph W. Lippincott, Jr., Haverford, Pa., Cross & Co., Philadelphia, Pa., Bertram Lippincott, Penlynn, Pa., Elsie L. Chadwick, Duxbury, Mass., Barton H. Lippincott, Fort Washington, Pa., Joanna W. Sorlien, King of Prussia, Pa., Sarah Louise Lamb, Devon, Pa., Robert B. & Elizabeth H. Powell as joint tenants with right of survivorship, Balboa, California, Wilhelmina K. Ball, Philadelphia, Pa., Trustee under J. B. Lippincott Co.'s Profit Sharing Trust dated 12/27/44, Philadelphia, Pa.  
 Known Bondholders, Mortgagees, and Other Security Holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities—None.

	Average No. Copies Each Issue During Preceding 12 Months	Single Issue Nearest to Filing Date
A. Total no. copies printed ( <i>net press run</i> )	17,886	17,700
B. Paid circulation		
1. Sales through dealers and carriers, street vendors and counter sales	16,265	16,301
2. Mail subscriptions		
C. Total paid circulation	16,265	16,301
D. Free distribution by mail, carrier or other means	277	290
E. Total distribution ( <i>sum of C and D</i> )	16,542	16,591
F. Office use, left-over, unaccounted, spoiled after printing	1,344	1,109
G. Total ( <i>sum of E &amp; F—should equal net press run shown in A</i> )	17,886	17,100

I certify that the statements made by me above are correct and complete.

John M. Wehner, Jr., *Biz. Mgr.*
